

TECHNICAL DATA SHEET

Product name	HOTFIX TAPE (HFT)		
Application	Used for making hot fix motifs with rhinestones		
Structure	 PVC / PP liner Adhesive thickness 0.025mm ~ 0.03mm PET film thickness 0.030mm, 0.05mm		
	Code	HFT30	HFT50
	- PET film thickness - Adhesive thickness - PVC / PP liner	0.030mm 0.02mm ~ 0.03mm 60gsm, 70gsm	0.050mm 0.02mm ~ 0.03mm 60gsm, 70gsm
Features	- Adhesion to steel 180° - Heat resistance - Adhesive type	From 300gf/25mm ± 10% (from 2.94N/in ± 10%) Min. 180°C Acrylic	
Sizes	- Standard width - Standard length - Core size (D) - Special sizes	240mm, 280mm, 300mm, 320mm, 360mm, 400mm,... 1200mm 100M 3 inches width & length following customers' request	
Storage condition	Within 6 months in normal room temperature, never keep touching to the floor directly.		
Important notice	The above values are sample observed values, not the guarantee performance.
